CAN BUS DATA READING

Communication network can provide you with a wide range of data that can be used to reduce running costs, improve driver safety, streamline maintenance processes and support environmental responsibility. Options available:

 **LV-CAN200** - reading Fuel Level (Dashboard), Total fuel consumption, Vehicle speed (wheel), Vehicle driven distance, Engine speed (RPM), Accelerator pedal position.

 **ALL-CAN300** - all LV-CAN200 reading parameters plus, special vehicles CAN data reading and additional data for light vehicles (Oil pressure/level status).

 **CAN-CONTROL** - reading essential CAN data parameters, such as odometer and fuel level, also provides central lock/unlock and windows control.

ADDITIONAL FEATURES

 **Diagnostic Trouble Codes (DTC) reading** with LV-CAN200 DTC and CAN-COTNROL DTC.

 **Engine block feature** with CAN-CONTROL IMMO allows you to immobilize vehicle without relay installation.

 **Contactless and warranty friendly** CAN data reading with ECAN01 and ECAN02.
